

DESCRIPTION:

The Nightscaping® LED, 12V, GU5.3 base MR-16 retrofit lamps are an energy efficient alternative to halogen MR16 lamps. Nightscaping's® MR16 LED lamps are offered in a variety of wattages that offer similar light output to 12V incandescent lamps.

Features:

- Base Type:** GU5.3
- Material:** Ceramic + PC
- Wattage:** 3W, 5W, 7W
- Beam Spread:** 15°, 24°, 36°, 60°, 120°
- Kelvin Temp:** 2700K, 3000K, 4000K
- Input Voltage:** 12V AC
- Replaces:** 20, 35, 50W Halogen MR16
- CRI:** 90+
- Dimming:** Dimmable with most LED Compatible Transformers
- Dimmers:** Dimmable with most MLV and ELV dimmers

US PAT: US D869,009

Lumen Output:

- 3W - 280 Lumens
- 5W - 401 Lumens
- 7W - 503 Lumens
