

Nightscaping[®]
 HANDCRAFTED IN THE USA SINCE 1959

GARDEN SERIES DAYLIGHT BOLLARD:

About Nightscaping®

Since 1959, Nightscaping® has built its reputation on designing original and handcrafted outdoor lighting fixtures. As an American design and manufacturing company, we pride ourselves on delivering works of art that transcend generations. A lifetime structural warranty backs all our Made In USA fixtures. Customers who choose Nightscaping® consider their landscape lighting fixtures to be so much more than just another purchase. They consider it an investment that will last them a lifetime.

Body

Nightscaping's® 4x4 Bollards are constructed from 11 gauge, 4" SQ, solid steel tubing. The CorTen top is easily removable with two Alan-head screws. This creates easy access to the luminaires LED module which can be raised or lowered to eliminate light glare.

Available Finish

The Garden Series Bollards are available in many different finish options - weathered rust and many custom powder coated finishes. Please see website for details.

Available Heights

The Garden Series Bollards are offered in three different heights - 17", 25", and 37".

Optimal Voltage

Recommended voltage range for 12V Nightscaping® LEDs is 11V - 15V.

Recommended Lamp

For use with Nightscaping's® 2W LED (included), 4W LED or 7W LED modules.

Lamp Adjustment

Each luminaire has an adjustment feature to not only adjust the distance of the light spread but also help to prevent light glare.

Mounting Options

The Garden Series Nightscaping® Bollards can be mounted with Nightscaping's® Universal Mounting Plate. The Universal Mounting Plate can either be mounted in the landscape (using the Stainless Steel PVC Stake Mount) or onto a solid surface. (please see Installation Instructions for details).

Wiring

25ft 18AWG, UL Listed, copper wire that is protected by Polyvinyl Chloride (PVC).

Warranty

Nightscaping's® Structural Lifetime Warranty (please see warranty for more details).
