BULLET LIGHT

TRIDENT STAKE MOUNT POWER BASE - ADJUSTABLE KNUCKLE
- LED MODULE - BULLET LIGHT SHROUD

VARIABLE AIM FOR TREE AND
ARCHITECTURAL UPLIGHTING

404-02BSBK

Stabilized by Nightscaping's stainless steel, three-rod, Trident Stake Power Base, this omni-position directional light offers a **variable aim for tree and architectural uplighting** in challenging soil conditions.

Patented Modular Design:

Built for rugged terrain, this Locklin fixture features Twist-lock assembly with Through Power Technology, and a stainless steel Trident Stake with 9" rods for secure anchoring in hard or rocky ground conditions.

PRODUCT DETAILS

Adjustable Color Temperature:

Push-button toggle between 2700K and 3000K
(Hold 5 seconds to switch)

Adjustable Lumen Output:

Push-button control:

- Press once: 3W
- Press twice: 5W
- Press three times: 7W

Lumen Output (2700K)*:

- 3W - 170 lm
- 5W - 292 lm
- 7W - 399 lm

Lumen Output (3000K)*:

- 3W - 180 lm
- 5W - 310 lm
- 7W - 425 lm

Adjustable Knuckle:

360° rotation and tilt with push-button locking allows precise, no-tool beam aiming.

Optics:

- 60° optic pre-installed.
- 36° optic included.
- Optional 15° and 7° sold separately.
- 120° beam achieved by removing optics.
- Color-coded lenses for easy identification.

Glare Control:

Includes optional Honeycomb Louver.

Power Base Wire Lead:

25' lead included with Trident Stake Mount Power Base.

Shroud:

The Bullet Light Shroud delivers precise uplighting with a tapered design that feathers light forward while shielding glare from behind.

Certifications:

- ETL Listed
- IP68 Rated
- CRI: 93.4
- TM-30 RF: 94
- TM-30 RG: 99
- Power Factor: 0.893 @ 12VAC

*Tested at 12 volts. Lumen output will increase as voltage increases. 12v input optimal
