

Crosses Design

CE® Bollard Light

The Nightscaping® Cross design bollard is ideally suited for semi formal and orderly gardens where a classic, symmetrical pattern is desired. Drawing its interpretation from the French fleur-de-lis pattern, the shadows emitted from this fixture form a stunning chain of interlinking shadows surrounded by light.

MATERIAL

Nightscaping's® bollards are constructed from 11 gauge, square, solid steel tubing. The Cor-Ten Steel top is easily removable for service. This creates easy access to the luminaire's internal components.

FINISHES

Rust

Hammered
Bronze

Black

MOUNTING OPTIONS

For the 2x2's, a 14", ABS injection molded, plastic stake with 1/2" NPS threaded female fitting is included with every luminaire. For the 4x4 and 6x6's, a stainless steel PVC mount is available. The Nightscaping® bollards can also be surface mounted using the Universal Mounting Plate (see website for details).

WIRING

25ft 18AWG, UL Listed, copper wire that is protected by Black Polyvinyl Chloride (PVC).

LAMP ADJUSTMENT

Each luminaire has an adjustment feature to not only adjust the distance of the light spread but also help to prevent light glare.

OPTIMAL VOLTAGE

Recommended voltage range for 12V Nightscaping® LEDs is 11V - 15V components.
