

Ivy Design

CE® Bollard Light

The Nightscaping® Ivy design light bollard is inspired by the many various forms of vines and climbing plants from across the world. The climbing leaves almost appear to be clamoring up the side of the fixture in a race to the top. The design contains a rather generic leaf shape which can be used in any type of garden or setting that is Ivy inspired.

Black

MOUNTING OPTIONS

For the 2x2's, a 14", ABS injection molded, plastic stake with 1/2" NPS threaded female fitting is included with every luminaire. For the 4x4 and 6x6s, a stainless steel PVC mount is available. The Nightscaping® bollards can also be surface mounted using the Universal Mounting Plate (see website for details).

WIRING

25ft 18AWG, UL Listed, copper wire that is protected by Black Polyvinyl Chloride (PVC).

LAMP ADJUSTMENT

Each luminaire has an adjustment feature to not only adjust the distance of the light spread but also help to prevent light glare.

OPTIMAL VOLTAGE

Recommended voltage range for 12V Nightscaping® LEDs is 11V - 15V components.
